#Contributed equally to this work

After official publication of our protocol in *Bio-protocol* (<https://bio-protocol.org/e5462>), we would like to add the following authors' contributions to the Acknowledgments section of the article:

Author contributions

Teng Hu, Youyang Pei: Conceptualization, Methodology, Validation; Zhaoyi Hu, Jing Feng: Software, Optimization, Formal Analysis; Qiangyuan Jiang: Conceptualization, Investigation, Visualization, Data Curation; Li Hu: Supervision, Writing—Original Draft, Writing—Review & Editing; Yi Liu: Supervision, Methodology, Writing—Review & Editing.
